## Description

### Features

4D Precision Model Kits introduces to you the official 4D Star Wars Imperial Star Destroyer™. Manufactured with our Precision Core-Set™ Technology.

The wedge-shaped Imperial Star Destroyer is a capital ship bristling with weapons emplacements. Turbolasers and tractor beam projectors dot its surface. Its belly hanger bay can launch TIE fighters, boarding craft, land assault units, hyperspace probes or be used to hold captured crafts. In the days of the Empire, its battle bridges would be staffed by the finest crewmen in the Imperial starfleet.

A full instruction booklet is included. A tube of 6 ml modeling glue is also provided as small amounts are required during the final steps of the assembly. Additional stands and poster are included for final display purposes.
