Description

NOTE: This is a aftermarket battery.

High Capacity: (15.2V 5870mAh) Intelligent Flight Replacement Battery for DJI Phantom 4 Series Drones for DJI Phantom 4, Phantom 4 Pro.

Phantom 4 Pro V2.0, Phantom 4 Advanced.

Compatibility: Connect to DJI GO 4 APP perfectly, shows the battery status, like using time, remaining time and set alarm when the battery power is below 20%.

Flying time: The Phantom 4 battery pack with high capacity, it can provide 28-30 mins flying times (depends on different factor like speed, windy weather, temperature, charging time and so on).

Note: that batteries are volatile equipment and can malfunction or catch fire with wrong usage.

Remove batteries from all equipment when stored for long periods.

PC:

The battery is 30% pre-charged, please make sure fully charged before the first-time flight, and make several times flight test to make sure the battery fits your phantom 4 series Drones.
