Description

1524mm Wingspan

For over 50 years Squadron Kites has been an innovator of unique airplane based kite kits. With such historic legends as the Curtiss Jenny and the Wright Flyer, Squadron Kites has been a favorite of kite and airplane enthusiasts alike.

Handily constructed for teens and adults, each Squadron Kite features all bass wood airplanes, injection molded key plastic pieces, pre-printed silkspan and full scale instructions.

No tail needed

Fly with a single line or messenger with two lines

Fly in wind from 3 to 20 mph

Disassembles for storage and transport
