### Description

Made in the USA and most popular hobby knife blade, the #11 Excel Blade is the perfect tool for graphic artists, designers and hobbyists alike. This super sharp blade is perfect for arts and crafts applications such as wood carving, scrapbooking, model kits, paper crafts and more.

Made from carbon steel, the #11 blade is sharper than average blades. These double honed hobby blades have a strong tip and flex without breaking to keep their edge and tip longer and are coated in a thin layer of oil for rust protection.

Versatile replacement blades fit all standard light to medium duty craft knives including Xacto Knives.

Includes a pack of (5) #11 double honed blades with 1.56 x 0.25 x 1.0 edge.
