Description

1:43 Scale BMW M4 DTM - #31 Sheldon van der Linde

The car for genuine motor sport enthusiasts! At the end of the 2022 DTM season Team Schubert Motorsport had two titles to celebrate. Having already won the team title prior to the final race, there was more tension in the last race in Hockenheim than expected. A mass pile-up led to a restart involving just 12 remaining cars. It was here that the South African driver Sheldon van der Linde managed an unexpected third place and was rewarded with the 2022 DTM driver's championship trophy. Now you have a real winner's car!

This slot car is a treat for the eyes in your Carrera race pool. The faithfully replicated 1:43-scale reproduction has all the power you need to beat your friends on the circuit in the race to the flag!
