Description

FEATURES

RC Flatbed Trailer: Support to driving forward/backward movement, left/right turn, and control speed and lighting settings. You can also control the cutoff function, representing real operational sounds and lights, loading and unloading, adding playability.

Outstanding Control System: The 2.4GHz anti-interference automatic pairing system allows multiple vehicles to be played simultaneously without interference.

RC Tires: Featuring vibrant eco-friendly colors, the flexible rubber tires, wear-resistant, as well as deep treads for improved grip, and reduce road vibrations effectively.

High Quality: This well-crafted 1/24 scale RC flatbed trailer model boasts realistic details with premium ABS materials, is durable, and resistant to impact.
