Description

Overview

The Spektrum BT1000 Bluetooth module makes programming your Spektrum DXe transmitter or AS3X receiver easier and more convenient than ever. Simply plug the programmer into your DXe or AS3X receiver, pair the programmer to your iOS or Android mobile device and you're ready to program your DXe or AS3X receiver using the DXe or AS3X mobile programming applications.

New Features

Offers Bluetooth connectivity with your Spektrum DXe transmitter or compatible Spektrum AS3X Receivers (AR6BS, AR6BS, AR750, AR635).

Can be paired with iOS and Android Bluetooth equipped devices with Bluetooth connectivity.

Extremely small size

Built-in LED flashes when in pairing mode and is solid when paired.
