### Description

Racing outdoors is possible with the new Wiltoys 124018 RC car. With this off-road buggy car you can race on dirt surfaces at high speed, jumping and stidding everywhere. An RC car in 1/12 scale that reaches top speeds of up to 80 km/h with its brushed motor and adapting to every terrain situation with its adaptive suspension system and its shock and drop resistant chassis.

Up to 10 minutes of use with the best control

Its 2200 mAh battery allows you a usage time of up to 10 minutes by simply charging it for up to 3 hours. On the other hand, so you can control it, it has a 2.4GHz frequency transmitter with two communication channels. It offers you a control distance of up to 100 meters away and gives proportional control to your hands.

#### FEATURES

Off-Road Buggy car so you can use it outdoors and on surfaces with jumps.

With its toothed motor and integrated ESC, you will have speeds up to 80 km/h.

Bugged chassis so you can jump and use it for many races.

2.4GHz frequency transmitter, which gives you a range of 100 meters.

Runs for 10 minutes on a single charge.
